

COMMUNITY UPDATE

MARCH 11, 2026

Good morning!

I have a few items that I would like to bring to your attention.

Tomorrow, Thursday March 12, 2026, and Friday March 13th Action Plus Pressure Cleaning will be on property to clean the gutters and down spouts along with removing debris from the roofs. Please be mindful when stepping out your front or back door.

All Rite Fencing will remove the tennis gate to weld the lockbox to the new gate. The courts will be open during this time. All court rules remain in effect.

Jay and Jamal have installed our Bat Houses, and we have noticed bats migrating to this area. The combination of sealing the clubhouse and installing the Bat Houses this has certainly alleviated the issue with bats in the gym.

The Oak tree behind F9-10 is dying and has reached the stage that the tree needs to be removed. I have contacted O&A and Rob will be out today to take a look. Please be careful walking in this area. Also, the crew started to cut back the frost hit areas to allow us to evaluate if they will grow back.

Thank you and wishing you a wonderful week,

Trish
