

Hi residents,

As pool season gets into full swing, here are a few quick reminders to keep the area safe and enjoyable for everyone.

- Pool hours: 8:00 a.m. – dusk daily. Please wrap up and exit the area by closing time. No night swimming is permitted.
- No open containers: Glass and open containers are not permitted in the pool at any time. Broken glass is a serious safety hazard.
- Beverages of any type along with food must remain at the tables. Pool frame may not be used as a buffet table.
- No floating devices: large inflatable rafts, and flotation devices are not allowed in the pool. Coast Guard-approved life vests for children and non-swimmers are permitted.

A few additional tips:

- Supervise children at all times and keep walkways clear.
- Rinse off before entering the pool and be courteous with music volume.
- Please dispose of trash in the provided bins.

Thank you for helping us maintain a safe, clean, and welcoming pool for everyone. If you have questions, contact the management office.

Best regards,

The Board of Directors and Manager
